

Special Event Custom Trophy Information

Production & Delivery

Each sports sculpture is an original design from Sara Balbin's Dragonfly Studio in Drummond, Wisconsin. The sculptures are individually cut from 12-gauge steel, finished by hand and mounted on a unique rock base.

The Sports Sculpture design sheet depicts many of the winter and summer sports figures that are in inventory. Requests for custom designs are welcome but require a longer lead-time and an additional art design charge.

Please allow a minimum of six weeks delivery time for custom event trophies with plaques. We will make every attempt to accommodate requests for rush shipments however expedited services will add an additional charge.

Sculpture Options

Sculpture size varies by sport with some categories offering several size options. Other sports are available in a single size. Similarly, some sports offer both male and female images others are available in a gender non-specific option.

Rock bases for each sculpture vary with availability and are matched in size with the selected sculpture. Every attempt is made to match similar size sculptures with similar size rocks but due to the nature and availability of the materials, variance in size and appearance should be expected.

Custom engraved name plaques can be included for special events trophies for a small extra charge. Plaques (3/4" x 3") can be attached to the rock bases \$10.00 per plaque. There is a limit of three lines of copy for the custom plaques.

Shipping

Shipping charges are added to the total amount of the order based on actual cost plus a small handling charge. Average shipping for rock base sculptures is \$10.00 per piece.

Terms

- Orders for special event trophies can be a single piece.
- Order for six or more pieces qualify for a 10% discount.
- Payment in advance of production and shipping is required on all custom event trophies.
